MetroList® Prospector

MetroList® uses the most advanced Multiple Listing Services web-based software available. Prospector, powered by Rapattoni MLS, is the best that technology has to offer. Some of the exciting features in Prospector include Anywhere Easy Access, Easy Navigation, Search Listings, Contact Management, Auto-Prospecting, Reverse Prospecting, Agent Preferences, Maps, Custom Exports, E-mail, Listing Cart, Hot Sheets, Custom Report Writer, MLS Statistics, and secure Single Sign-On feature.

TRENDVISION

MLS Market Reports

TrendVision is a powerful web-based software tool integrated into Prospector that delivers in-depth real estate statistics and market reports. TrendVision instantly allows users to view reports showing current, historical, and seasonal trends in real estate pricing, inventory, and days-on-market analysis. This incredible software tool will enable users to provide the most up-to-date market information to clients.

MetroList® PRO Websites

MetroListPro Websites is one of the most exciting and newest products offered by MetroList. Simple, easy and affordable, MetroListPro encompasses a five step sign-up process so you can have your own website up and operational in just minutes. With an instant IDX feed, no start up or set up charges, and no annual commitment, MetroListPro Websites is your solution for a professional online marketing tool and presence on the internet.

Mercado

The Marketplace for California Real Estate

Mercado is a robust and powerful real estate marketing system allowing MetroList subscribers the ability to search statewide MLSs and create dynamic web-based CMA, Buyer Tour, and Flyer applications—all within one web-based application. Best of all it is included FREE with your MetroList subscription and is available from anywhere you can log onto Prospector. In addition to searching listings from multiple MLSs throughout California, Mercado enables MetroList subscribers to produce high impact listing presentations, CMAs, buyer presentations, property flyers and more.

Realist

All MetroList users have easy access to Realist, the premier provider of Tax Record information. Integrated into Prospector, Realist offers searchable access in ALL 58 California Counties. Some of the exciting features included in Realist are detailed property profiles, assessor maps, recorded document images, flood maps, street maps for pinpointing property locations, the ability to create address labels and much more.

QUATTRO

One Easy Solution

The most powerful reciprocal access and data share agreement, Quattro is a benefit to MetroList Brokers and Agents. MetroList users have full, real-time reciprocal access to the Bay Area Real Estate Information Services (BAREIS®), San Francisco Association of REALTORS® (SFAR), MLSListings, Inc., Bay East Association of REALTORS® MLS, Contra Costa Association of REALTORS® MLS and East Bay Regional Data, Inc. Today, Quattro includes seven MLSs in 21 counties with over 1,000,000 comps and 65,000 agents. More exposure really does equal better sales results.

Informational Seminars

The MetroList training team is committed to providing our users with the most up-to-date information and technology advances in the real estate industry. As new technology is introduced or changes occur, you can count on MetroList staff to provide timely Informational Seminars in your local area. These seminars are an excellent resource and tool that will help you in your real estate business.
