## Prospector Training Course Two

### Course Overview

*Prospector Training is a two part course designed to provide new users an introduction to using the Prospector MLS System. Prospector Course Two **can only be taken after completion of Course One**. Course Two builds on the skills learned in Course One and provides basics on the more advanced features of the Prospector MLS System. To optimize your learning experience MetroList recommends that Course One and Two be taken on two different days.*

**Prerequisite:** Prospector One

### Prospector - Course Two

The Prospector Course Two is the second three hour training that covers the more advanced topics of the Prospector MLS system. To get the most out of Prospector, Course Two training is packed with powerful information and tools to help you use all the features Prospector has to offer. From conducting comprehensive property searches to auto prospecting and Comparative Market Analysis, you must take this class to stay competitive.

Like Prospector Course One, every subscriber needs and should take this course!

**Course Length:** 3 hours

### Covered Topics
